

Simplify Compliance Reporting with One Trusted Partner. Trinity is Your Local Reporting Expert.

Navigating the annual environmental reporting season demands meticulous planning, detailed preparation, and flawless execution from someone who understands local regulatory nuances.

Trinity's unparalleled compliance expertise and extensive industry knowledge across all environmental media and reporting categories ensure access to the very best resources to streamline compliance with all federal, state and local regulations, consistently and accurately.

Trinity is your local reporting expert! Contact your local Trinity Colorado office for a quote: [Denver](#) or [Fort Collins](#).

Due Dates	Colorado Environmental and Sustainability Reports	Air Data	Water Data	Waste Data	Chemical Data	Energy Data
Jan 30	MACT SSM Semi-Annual Incidents ¹	●				
Feb 15	Annual Report for Stormwater Industrial Permit for COG850000 for Coal Mining Process Water & Storm Water Combined		●			
Feb 15	Annual Report for Stormwater Industrial Permit for COR040000 Metal Mining Industry		●			
Feb 15	Annual Report for Stormwater Industrial Permit for COG605000 Non-Contact Cooling Water		●			
Feb 28	Annual Report for Stormwater Industrial Permit COG500000 for Sand and Gravel Mining		●			
Mar 1	Tier II Report (EPCRA)				●	
Mar 1	Refrigerant Management Rule (40 CFR 82 Subpart F) Chronic Leakers Large Appliance Report	●				
Mar 31	Annual Report for Stormwater Industrial Permit COR900000 for Non-Extractive Industrial Activity		●			
Mar 31	Greenhouse Gas (GHG) Report (CO Regulation 22)	●				

More 2025 reports and deadlines on back

Note: This is not an exhaustive list of reporting deadlines. Facility-specific requirements and deadlines may vary. Trinity suggests checking with local regulators for submission deadlines. Submit or postmark reports by the due date for on-time consideration. If due date falls on a weekend or holiday, Trinity recommends you submit or postmark the prior business day.

¹ Refer to the current version of Regulation 8 (5 CCR 1001-10), Control of Hazardous Pollutants, for the list of federal National Emission Standards for Hazardous Air Pollutants which have been incorporated into Colorado's regulation and for which the APCD is the Administrator. Not all NESHAP or individual NESHAP sections are incorporated into Colorado's regulation.

Simplify Compliance Reporting with One Trusted Partner. Trinity is Your Local Reporting Expert.

Due Dates	Colorado Environmental and Sustainability Reports	Air Data	Water Data	Waste Data	Chemical Data	Energy Data
Dec 31	Facility-Wide GHG APENs ³	●				
Dec 31	Regulation 7 Company-Wide Well Production and NG Compressor Station Reporting (Part B, Section III.C.4.f-g)	●				
Dec 31	Title V Monitoring/Compliance/Deviation Reports	●				
Dec 31	MACT Compliance Report ¹	●				
Dec 31	NSPS Compliance Report ⁴	●				
TBD	CDP (previously known as Carbon Disclosure Project)	●	●	●	●	●
TBD	TSCA CDR Report ⁵				●	
TBD	PFAS Requirements (one time report under TSCA) ⁶				●	

Note: This is not an exhaustive list of reporting deadlines. Facility-specific requirements and deadlines may vary. Trinity suggests checking with local regulators for submission deadlines. Submit or postmark reports by the due date for on-time consideration. If due date falls on a weekend or holiday, Trinity recommends you submit or postmark the prior business day.

¹ Refer to the current version of Regulation 8 (5 CCR 1001-10), Control of Hazardous Pollutants, for the list of federal National Emission Standards for Hazardous Air Pollutants which have been incorporated into Colorado's regulation and for which the APCD is the Administrator. Not all NESHAP or individual NESHAP sections are incorporated into Colorado's regulation.

³ The facility-wide greenhouse APENs are due by December 31st for operators required to report GHG under Reg 22 or Reg 7 for each facility where the previous calendar year emissions exceed 25,000 tpy CO₂e. Otherwise there's no requirement to submit an APEN.

⁴ Refer to the current version of Regulation 6 (5 CCR 1001-8), Standards of Performance for New Stationary Sources, for the list of federal New Source Performance Standards which have been incorporated into Colorado's regulation and for which the APCD is the Administrator. Not all NSPS or individual NSPS sections are incorporated into Colorado's regulation.

⁵ Manufacturers (including importers) are subject to the reporting requirements based on manufacturing (including importing) activities conducted during the reporting period. This report is required every 4 years. The last report was due in 2024. The next report will be due in 2028 (covering reporting years for 2024 through 2027).

⁶ PFAS reporting under TSCA Section 8(a)(7) is also due in January 2026 which covers import and manufacture of PFAS from 2011 to 2022. This is a one-time data gathering and reporting requirement separate from CDR. While similar to CDR in many ways, the PFAS reporting is much more extensive and does not exclude articles, de minimis concentrations, or low levels of activity.
