| — | Source Registration (310 CRM 7.12) - Staggered schedule: Apr 1, May 1, or Jun 1 | ● | | | | |

More 2025 reports and deadlines on back

Note: This is not an exhaustive list of reporting deadlines. Facility-specific requirements and deadlines may vary. Trinity suggests checking with local regulators for submission deadlines. Submit or postmark reports by the due date for on-time consideration. If due date falls on a weekend or holiday, Trinity recommends you submit or postmark the prior business day.

¹ Due every even-numbered year (for example, a report due by March 1, 2026, would report activities from calendar year 2025).

² If also submitting a Source Registration, may submit on the later deadline.

³ Required for printers, dry cleaners and photoprocessors.

| Due Dates | Massachusetts Environmental and Sustainability Reports | Air Data | Water Data | Waste Data | Chemical Data | Energy Data |
|-----------|---|----------|------------|------------|---------------|-------------|
| _____ | Direct Discharge Wastewater - Discharge Monitoring Report, POTW Indirect Discharge and Groundwater Discharge Reports (as specified in permit) | | ● | | | |
| _____ | Semi-Annual MACT Compliance Reports (see rules for due dates) | ● | | | | |
| TBD | CDP (previously known as Carbon Disclosure Project) | ● | ● | ● | ● | ● |
| TBD | TSCA CDR Report ⁴ | | | | ● | |
| TBD | PFAS Requirements (one time report under TSCA) ⁵ | | | | ● | |

Note: This is not an exhaustive list of reporting deadlines. Facility-specific requirements and deadlines may vary. Trinity suggests checking with local regulators for submission deadlines. Submit or postmark reports by the due date for on-time consideration. If due date falls on a weekend or holiday, Trinity recommends you submit or postmark the prior business day.

⁴ Manufacturers (including importers) are subject to the reporting requirements based on manufacturing (including importing) activities conducted during the reporting period. This report is required every 4 years. The last report was due in 2024. The next report will be due in 2028 (covering reporting years for 2024 through 2027).

⁵ PFAS reporting under TSCA Section 8(a)(7) is also due in January 2026 which covers import and manufacture of PFAS from 2011 to 2022. This is a one-time data gathering and reporting requirement separate from CDR. While similar to CDR in many ways, the PFAS reporting is much more extensive and does not exclude articles, de minimis concentrations, or low levels of activity.
