Note: This is not an exhaustive list of reporting deadlines. Facility-specific requirements and deadlines may vary. Trinity suggests checking with local regulators for submission deadlines. Submit or postmark reports by the due date for on-time consideration. If due date falls on a weekend or holiday, Trinity recommends you submit or postmark the prior business day.

¹ Delegated water Pretreatment Programs, unless permitted to submit in February/May/August/November.

² For those delegated water Pretreatment Programs allowed to submit in February/May/August/November.

⁵ For facilities capable of withdrawing >100,000 gal/day (DNR).

⁶ On September 12, 2025, U.S. Environmental Protection Agency (EPA) proposed to permanently remove program obligations for 46 source categories of the Greenhouse Gas Reporting Program (GHGRP). Under the proposal, facilities, suppliers, and underground injection sites under these 46 source categories would no longer report to EPA after reporting year 2024.

⁷ Required every year or every 3 years depending on permit.

⁸ Required every year or every 3 years depending on permit.

Due Dates	Indiana Environmental and Sustainability Reports	Air Data	Water Data	Waste Data	Chemical Data	Energy Data
Nov 28	Quarterly Non-Compliance Report ²		●			
Dec 31	Organic Pollutant Monitoring Report (Delegated water Pretreatment Programs)					
TBD	CDP (previously known as Carbon Disclosure Project) ⁸	●	●	●	●	●
TBD	PFAS Requirements (one time report under TSCA) ⁹				●	

Note: This is not an exhaustive list of reporting deadlines. Facility-specific requirements and deadlines may vary. Trinity suggests checking with local regulators for submission deadlines. Submit or postmark reports by the due date for on-time consideration. If due date falls on a weekend or holiday, Trinity recommends you submit or postmark the prior business day.

² For those delegated water Pretreatment Programs allowed to submit in February/May/August/November.

⁸ CDP is a global non-profit that runs the world's only independent environmental disclosure system for companies, capital markets, cities, states and regions to manage their environmental impacts.

⁹ PFAS reporting under TSCA Section 8(a)(7) is also due in January 2026 which covers import and manufacture of PFAS from 2011 to 2022. This is a one-time data gathering and reporting requirement separate from CDR. While similar to CDR in many ways, the PFAS reporting is much more extensive and does not exclude articles, de minimis concentrations, or low levels of activity.
