_____	Title V Annual Compliance Certification ³	●				
_____	Title V Semi-Annual Deviation Reports ³	●				

Note: This is not an exhaustive list of reporting deadlines. Facility-specific requirements and deadlines may vary. Trinity suggests checking with local regulators for submission deadlines. Submit or postmark reports by the due date for on-time consideration. If due date falls on a weekend or holiday, Trinity recommends you submit or postmark the prior business day.

¹ Due every even-numbered year (for example, a report due by March 1, 2026, would report activities from calendar year 2025).

² EPA has proposed moving the 2025 GHGRP deadline to June 10, 2026 and eliminating most reporting requirements after 2024 (with Subpart W suspended until 2034). Until finalized, current March 31 deadlines remain in effect. See details at [Rulemaking Notices for GHG Reporting | US EPA](#).

³ Some facilities may have different deadlines based on permit issuance date.
