More 2026 reports and deadlines on back						

Note: This is not an exhaustive list of reporting deadlines. Facility-specific requirements and deadlines may vary. Trinity suggests checking with local regulators for submission deadlines. Submit or postmark reports by the due date for on-time consideration. If due date falls on a weekend or holiday, Trinity recommends you submit or postmark the prior business day.

[1] Due dates are listed in your facility's permit and may vary from the information above (e.g., due dates can occur 30, 45, or 60 days after the reporting period). Additionally, other reports may be required (e.g. quarterly monitoring reports).

[2] EPA has proposed moving the 2025 GHGRP deadline to June 10, 2026 and eliminating most reporting requirements after 2024 (with Subpart W suspended until 2034). Until finalized, current March 31 deadlines remain in effect. See details at Rulemaking Notices for GHG Reporting | US EPA.
