| Mar 31 | Greenhouse Gas (GHG) Report ¹ | ● | | | | |
| Apr 30 | Upper Green River Basin Annual Air Emissions Inventory | ● | | | | |
| May 30 | Title V Sources Submit Copy of EPA Greenhouse Gas Report to Wyoming Air Emission Inventory Program | ● | | | | |
| Jun 30 | Upper Green River Basin Winter Air Emissions Inventory | ● | | | | |

More 2026 reports and deadlines on back

Note: This is not an exhaustive list of reporting deadlines. Facility-specific requirements and deadlines may vary. Trinity suggests checking with local regulators for submission deadlines. Submit or postmark reports by the due date for on-time consideration. If due date falls on a weekend or holiday, Trinity recommends you submit or postmark the prior business day.

¹ EPA has proposed moving the 2025 GHGRP deadline to June 10, 2026 and eliminating most reporting requirements after 2024 (with Subpart W suspended until 2034). Until finalized, current March 31 deadlines remain in effect. See details at [Rulemaking Notices for GHG Reporting](#) | [US EPA](#).

| Due Dates | Wyoming Environmental and Sustainability Reports | Air Data | Water Data | Waste Data | Chemical Data | Energy Data |
|-----------|--|----------|------------|------------|---------------|-------------|
| Jul 1 | Toxics Release Inventory (TRI) Report | ● | ● | ● | ● | |
| Jul 31 | Semi-Annual Report for Title V sources | ● | | | | |
| TBD | CDP (previously known as Carbon Disclosure Project) ² | ● | ● | ● | ● | ● |
| TBD | TSCA CDR Report ³ | | | | ● | |
| TBD | PFAS Requirements (one time report under TSCA) ⁴ | | | | ● | |

Note: This is not an exhaustive list of reporting deadlines. Facility-specific requirements and deadlines may vary. Trinity suggests checking with local regulators for submission deadlines. Submit or postmark reports by the due date for on-time consideration. If due date falls on a weekend or holiday, Trinity recommends you submit or postmark the prior business day.

² CDP is a global non-profit that runs the world's only independent environmental disclosure system for companies, capital markets, cities, states and regions to manage their environmental impacts.

³ Manufacturers (including importers) are subject to the reporting requirements based on manufacturing (including importing) activities conducted during the reporting period. This report is required every 4 years. The last report was due in 2024. The next report will be due in 2028 (covering reporting years for 2024 through 2027).

⁴ PFAS reporting under TSCA Section 8(a)(7) is also due in January 2026 which covers import and manufacture of PFAS from 2011 to 2022. This is a one-time data gathering and reporting requirement separate from CDR. While similar to CDR in many ways, the PFAS reporting is much more extensive and does not exclude articles, de minimis concentrations, or low levels of activity.

Other Facility-Specific Deadlines:

- ▶ Surface Water Discharge Monthly, Quarterly, Semi-Annual Monitoring Reports
- ▶ Quarterly Excess Emission Reports for facilities with continuous opacity or air emissions monitoring
- ▶ NSPS/NESHAP Annual, Semi-Annual, and Quarterly Reports
- ▶ SSM Semi-Annual Incident Reports
- ▶ Stack Testing Reports (Typically 30 or 45 days after test completion)
- ▶ Completion Reports (Within 90 days of the first date of production after well completion/re-completion)
- ▶ Spill Prevention, Control, and Countermeasure (SPCC) Annual Inspections
- ▶ Spill Prevention, Control and Countermeasure (SPCC) Revision/Renewal
- ▶ Title V Renewal (every 5 years)
- ▶ WYPDES Permit Renewal (every 5 years)
- ▶ Risk Management Plan Update (every 5 years)
